Our church would like to participate in Missions Pathways. We understand that our fee for participation is \$3,900 plus the cost of reasonable travel for our Retreat facilitator (avg. \$850). We also understand there is a \$250 cancelation fee should we decide not to proceed. Once the application is received we will be given the leadership guide, access to the website will not be granted until payment is received by Hope.

Facilitator: The church will appoint a facilitator who will guide your Mission Pathways team. This person may be the pastor or lay leader. Someone who is "tech-savvy" would be helpful since most of the resources are online in our Basecamp. That person will have access to our facilitator for questions related to the process. They will establish a meeting date, technology. As well as secure the retreat setting and negotiate dates with Hope. They will keep the team engaged, monitor homework, and basically usher the process. They will also provide feedback forms between each session.
